

UWNCNM donors are passionate about creating change in Central New Mexico. Members of donor groups enjoy opportunities to invest in local programs, network with others, volunteer for community service projects, and lead by example.

- **Guys Give**
- **Hispano Philanthropic Society**
- **Women United**
- **Young Leaders Society**

Each group has a particular focus – and they all welcome new members. Whether it's supporting women in their quest to be educated or employed, or students to become more engaged in their learning, or families who need resources, donor groups play a key role in shining a light on our community.
