

Transforming Lives

A UNITED WAY Journey

The Laundry Love initiative is run in association with Shine Partnership.

Experience the transformative journey of United Way's commitment to helping every person thrive.

Your support enables United Way to continue to affect real change in our communities. From our 211 Helpline to Tax Help New Mexico, we offer comprehensive support to individuals and families facing various challenges.

A month later, the client returned with news of successfully landing the job. They now can cover daily expenses and, inspired by the kindness they received, regularly volunteer with the Laundry Love initiative.

Laundry Love events cover all washing machine and dryer costs, so the client was encouraged to use their roll of quarters and funds from selling their antique mirror for gas money to get to their interview.

A person in need of gas money for a job interview attended a Laundry Love event, a monthly initiative we support, with an antique mirror to sell and a roll of quarters for laundry.

They were met by United Way staff and volunteers who offered support beyond just laundry services.
